DESIGNED AND BUILT BY

TEAM PAIN
SKATE PARKS

The Lexington Skate Park was designed and built by one of the premier skate park companies in the world, Team Pain. After hearing from citizens about the need for a skate park, it was incorporated into the Re-Creation of Recreation Master Plan in 2013. Public meetings were held to gain community input on the design and layout, and construction began in 2018.

The park is primarily a street course full of transitions and street textures. There are 6 different types of hand and flat rails throughout the park, and a variety of hips and ledges. The park also boasts a 10 foot deep pro bowl. One unique feature is the brick quarterpipe, which is made with bricks recovered from the Lexington Home Brands factory fire.

CHANGES AND REFUNDS

Programs have a minimum number of participants needed, and participants must register by the deadline. You are entitled to a full refund for a cancelled program. The best way to determine residency is to check your property tax bill, or contact us.
